§147-1. Title

This Chapter may be cited as “Abandoned Vehicles Law”, which shall establish regulations and procedures for abandoned vehicles on a highway or other public property, and abandoned, junked, discarded, dismantled or currently unlicensed motor vehicles on private property within the Town of Patterson.

§147-2. Findings.

A. It is hereby declared and found that abandoned vehicles on highways or other public property threaten the safety of the people using said public property. These vehicles inhibit highway maintenance operations and may pose hazardous obstacles to motorists. If in a poor or damaged condition they may pose a concern to the health, safety and welfare of the community.

B. Similarly, abandoned, junked, discarded, dismantled or currently unlicensed motor vehicles on private property within the Town of Patterson also affect the public interest and constitute a nuisance. Such vehicles are generally unsightly, affecting the aesthetic quality of the Town and may depreciate the value of neighboring properties. They may be replete with broken glass, and sharp torn metal edges and points. Abandoned or junk vehicles may constitute an attractive nuisance to children and cause their safety to be jeopardized. If left unabated such storage may pose a dangerous hazard to the community, since fuel tanks containing gasoline or gasoline fumes may easily explode, or may be harmful to the environment from gas or oil leaking into the groundwater used for drinking.

C. The control of abandoned, junked, discarded and unregistered motor vehicles on publicly and privately owned properties within the Town of Patterson is found to be necessary for the preservation and protection of the health, safety and general welfare of the community.

§147-3. Definitions.

The following definitions shall apply in the interpretation and enforcement of the chapter:

ABANDONED VEHICLE - A motor vehicle shall be deemed to be an abandoned vehicle if left unattended:

A. With no number plates affixed thereto or in an inoperable condition, for more than six hours on any public or private highway or in any other public place; or

B. For more than 24 hours on any public or private highway or in any other public place, except a portion of a highway or public place on which parking is legally permitted; or
C. For more than 48 hours, after the parking of such vehicle shall have become illegal, if left on a portion of a highway or public place on which parking is legally permitted; or

D. For more than 96 hours on property of another if left without permission of the owner.

HIGHWAY, PRIVATE - Every traveled way or place in private ownership which provides access to three or more homes and is used for vehicular travel by the owner or owners thereof and those having express or implied permission from the owner or owners. A private highway shall include both the traveled portion of the highway and any right-of-way with respect thereto.

HIGHWAY, PUBLIC - The entire width between the boundary lines of every publicly maintained traveled way when any part thereof is open to the use of the public for purposes of vehicular travel, and shall include any highway, road, street, avenue, alley, public place, public driveway or any other public way open to use by vehicles. A public highway shall also include any right of way in which the traveled way lies. In the case of a highway by use as defined by Highway Law §189, such highway shall include the adjacent lands 25 feet from the center of the highway.

JUNKED MOTOR VEHICLE OR CYCLE - Any vehicle which is physically or legally incapable of being operated on a public street or highway. A motor vehicle shall be presumed to be a junked vehicle if it is not duly registered and is dismantled or partly dismantled or dilapidated or is in a rusted or wrecked condition or lacks equipment in good operating condition necessary to enable it to be operated or required by law to enable it to be registered. A motor vehicle that has remained unused for more than six months and is not in a condition to be moved under its own power, whether registered or unregistered, shall be presumptive evidence that such motor vehicle is a "junked or inoperative motor vehicle."

OWNER OF VEHICLE - A person, other than a lien holder, having the property in or title to a vehicle. The term includes a person entitled to the use and possession of a vehicle subject to a security interest in another person and also includes any lessee or bailee of a motor vehicle having the exclusive use thereof, under a lease or otherwise, for a period greater than thirty days. Unless demonstrated by competent proof showing ownership by another person, the last registered owner of an abandoned vehicle shall be presumed to be the owner of the vehicle. The last registered owner of the vehicle shall be as indicated on the New York State Department of Motor Vehicles records.

UNLICENSED VEHICLE — Any motor vehicle or part or piece thereof that meets one or more of the following conditions:

A. An unregistered motor vehicle;

B. Is currently without a valid inspection sticker issued by the State of New York;

C. Is not operable, or is no longer intended or in legal condition to be used on a public highway.
UNREGISTERED MOTOR VEHICLE — Any motor vehicle which must be registered with the State of New York and is not currently registered. The fact that a motor vehicle which must be registered with the State of New York does not display a current license plate or displays an expired license plate shall be presumptive evidence of the fact that such motor vehicle is not currently registered.

VEHICLE - A machine intended to be propelled by any means other than human power, designed to travel along the ground by use of wheels, treads, runners or slides and transport persons or property or pull machinery and shall include, but not limited to, an automobile, bus, truck, tractor, trailer, mobile home, motorcycle or any other conveyance originally intended for use on public highways.

Article II
Abandoned Vehicles on Highways or Public Lands

§ 147-4. Abandonment prohibited.

It shall be unlawful for any person, firm or corporation, either as owner, occupant, lessee, agent, tenant or otherwise, to abandon, or cause or permit to be abandoned, a vehicle upon any public highway, public lands or private highway within the Town of Patterson.

§ 147-5. Impoundment.

The Code Enforcement Officer, Code Compliance Officer or Superintendent of Highways of the Town of Patterson, or any member of his department designated by him, is hereby, authorized to remove or have removed any vehicle left on any street or highway within the Town of Patterson which reasonably appears to have been abandoned.

§ 147-6. Ownership of abandoned vehicles; inquiry into ownership; notification of owner to claim vehicle.

A. If an abandoned vehicle, at the time of abandonment, has no number plates affixed and is of a value, taking into consideration the condition of the vehicle, of one thousand two hundred fifty dollars or less, as determined by the most recent edition of the Blue Book published by the National Association of Automobile Dealers, ownership shall immediately vest with the Town of Patterson upon taking custody of said abandoned vehicle, and title to the vehicle shall vest in accordance with applicable law and regulations of the commissioner, provided however that the Town of Patterson shall not be required to obtain title to an abandoned vehicle that is subject to the provisions of this subdivision if the vehicle will be sold or otherwise disposed of as junk or salvage, dismantled for use other than as a motor vehicle, or otherwise destroyed.

B. For any abandoned vehicle impounded or otherwise in the custody of the Town of Patterson,
which has number plates affixed, or is of a value, taking into consideration the condition of the
vehicle, of one thousand two hundred fifty dollars or more, as determined by the most recent edition
of the Blue Book published by the National Association of Automobile Dealers, the Town shall
make an inquiry concerning the last owner of such vehicle as follows:

(1) abandoned vehicle with number plates affixed, to the jurisdiction which issued such
number plates;

(2) abandoned vehicle with no number plates affixed, to the New York State Department
of Motor Vehicles.

C. For any abandoned vehicles the Town shall notify the last owner in the manner required in
Article IV, Section 147-13(B) of this Chapter, if known, that the vehicle in question has been
recovered as an abandoned vehicle and that, if unclaimed, it will be disposed of in a manner set forth
in §147-7, including sold at public auction or by bid, after ten days from the date such notice was
given. If the agency described in paragraph “A” also notifies such local authority that a lien or
mortgage exists, or that a leaseholder exists, such notice shall also be sent to the leaseholder,
lienholder or mortgagee. Any person claiming such vehicle shall be required to pay the costs of
removal and storage of such vehicle.

D. Ownership of such abandoned vehicles, if unclaimed, shall vest with the Town of Patterson
ten days from the date such notice is given; or if the last owner cannot be ascertained, when notice
of such fact is received.

§ 147-7. Disposition of Vehicles.

A. For the purposes of this Article, the authority entitled to custody of a vehicle abandoned
within the incorporated limits of the Town of Patterson shall be the Town of Patterson, except that
if a vehicle is abandoned on property of the New York State Thruway Authority or property under
the jurisdiction of the Office of Parks, Recreation and Historic Preservation, the Department of
Transportation, or other State public authority or commission, such authority, office, department or
commission shall be entitled to the custody of such vehicle.

B. Such local authority shall determine if an abandoned vehicle is suitable for operation on the
public highways. If so, the vehicle shall be sold at public auction to the highest bidder or converted
pursuant to §147-8 of this Article.

C. If such local authority determines that an abandoned vehicle is not suitable for operation on
the public highways, it shall sell the vehicle to a vehicle dismantler or scrap processor registered or
certified pursuant to section four hundred fifteen-a of the New York State Vehicle and Traffic Law
or to a vehicle dismantler or scrap processor who does not have a place of business in this state but
who conforms to the laws and regulations of the state in which he has a place of business.

D. An abandoned vehicle without a vehicle identification number plate must be sold only to a
vehicle dismantler or a scrap processor registered or certified pursuant to section four hundred
fifteen-a of the New York State Vehicle and Traffic Law or to a vehicle dismantler or scrap processor who does not have a place of business in this state but who conforms to the laws and regulations of the state in which he has a place of business. Nothing contained herein shall be construed as preventing a local authority from applying for a replacement vehicle identification number plate.

§ 147-8. Conversion to Municipal Use.

A. The Town of Patterson, may convert to its own use those abandoned vehicles not affected by Section 147-6 of this section or may, by sale or gift, transfer title to any of such vehicles to any other municipal corporation for use by its law enforcement agency, provided however, the total number of vehicles converted and/or transferred in any calendar year may not exceed one percent of the Town of Patterson’s unclaimed abandoned vehicles not affected by Section 147-6 or two such vehicles, whichever is greater.

B. Any proceeds from the sale of an abandoned vehicle less any expenses incurred by the Town of Patterson shall be held by the Town of Patterson without interest, for the benefit of the owner of such vehicle for a period of one year. If not claimed within such one year period, such proceeds shall be paid into the general fund of such the Town of Patterson.
